Your Application

Approach to applying

For **Routes 1 & 2** applicants it is simple, complete the Membership (MIVM) Application Form and pay the application fee.

For **Route 3** Applicants, if you are ready to apply for becoming a Member (MIVM) you should be able to match your achievements in terms of your minimum of 3 years experience in a Value Management environment and identify and submit suitable evidence. You will also need to have a Referee to sign your application form who must be either MIVM or FIVM.

Choose the experiences that best illustrate your achievements and strengths. You must provide sufficient evidence to enable the assessor(s) to make a confident decision. You should be prepared to provide the necessary information and details to support your application and the achievements you are demonstrating. The assessor(s) will decide if the evidence you provide together with your responses at interview meet the requirements for being awarded IVM Membership as a Member (MIVM), the assessor(s) may not be familiar with your background or area of practice and you should consider this when preparing your evidence and for your interview.

Preparing your evidence (Route 3 Applicants Only)

Identify the evidence you can provide to demonstrate your experience in a Value Management environment. You may be asked to provide supporting information if your evidence does not provide sufficient detail.

Writing statements (Route 3 Applicants Only)

Address the requirements for becoming a Member (MIVM) i.e. minimum of 3 years experience in a Value Management environment. Your Curriculum Vitae or Resume should refer directly to what you have achieved. Provide written factual declarations, with sufficient detail and explanation to demonstrate your achievements up to a **maximum of four** evidence statements (maximum 500 words each). A brief statement or description or simple reference to current or previous job titles or employers is unlikely to contain sufficient information.

Evidence should clearly reference achievements, your actions and responsibilities. Statements should be specific to you and avoid generalisations that could apply to other people.

A personal statement on your current role, practices and ambitions relating to Value Management will also be required.

Providing Third Party Evidence (Route 3 Applicants Only)

The third party document should refer directly to what you have achieved.

Confirmation could be an email or letter from the stated third party or a report/article written by the third party that confirms your appointment / involvement. You can also reference content from a reputable website that confirms your achievement.

Where stated, the third party may be your manager, a client, an IVM member or an appropriate authority from the organisation that recognised your achievement. If possible, third party should be different and should not be the same as your referee.

Copy documents submitted, should clearly demonstrate what has been achieved including your details and the details of the awarding body / publication, as applicable.

Any third party evidence provided is subject to further verification by the IVM. In order to do this the IVM may contact your referee or the third party.
